🪪 Profile

Results-driven Full-Stack Developer with hands-on experience in both front-end and back-end technologies. Skilled in building scalable web applications using modern frameworks such as React, NodeJs . Strong problem-solving abilities and a passion for writing clean, efficient code. Adept at working in agile environments, collaborating with cross-functional teams, and continuously learning new technologies to deliver high-quality software solutions.

💼 Professional Experience

Front-End Developer (internship), *NTI*   07/2022 – 09/2022
                                                                          Cairo, Egypt

- Developed responsive and interactive user interfaces using React.js.
- Integrated RESTful APIs using Axios and Fetch.
- Utilized React Router for navigation and Context API for state management.
- Built reusable components and maintained clean, well-structured code.
- Collaborated with team members using Git and GitHub within an Agile/Scrum environment.
- Focused on performance optimization and enhancing user experience.

🎓 Education

Bachelor's in Computer Science, *Cairo University*   09/2019 – 07/2023
                                                                          Giza, Egypt

Graduation Project : University control system | Grade: A+
